

DESIGNED FOR

Weightlifting and strength training

DURABLE DESIGN

DURATEC® stretch panels add protection from bar brushes

COMFORTABLE

Elastic at waist for improved fit and comfort

TECHNICAL FABRICS

Four way stretch and moisture wicking properties

PERFORMANCE TIGHTS

TECHNICAL FABRICS AND DETAILS FOR OPTIMAL PERFORMANCE

The updated Elevate Tight features an improved fit and increased durability. DURATEC® stretch panels extend to the waist on the front side of the tights to increase durability and offer more protection from barbell knurling. A fully elastic waist with drawstring keeps the tights secure while squatting and the fabric keeps you cool and dry during the toughest training sessions.

AVAILABLE SIZES: M / S / L / XL / XXL / XXXL

WEIGHT

0,3 kg / 0.66 lbs

WARRANTY

1 year*

* Normal wear and tear does not fall under warranty.
