

DESIGNED FOR

Multi-purpose rack for squats, presses and pull-ups

USER FRIENDLY

Clearly marked height increments and easily adjustable safety arms and j-cups

SAFETY FEATURES

Safety arms are secure and handle heavy loads when attached to the rack

BOLT DOWN HOLES

Included for anchoring the rack to ensure stability and user safety

BUILT IN STORAGE

Comes with six weight pins for disc storage

SIMPLIFIED TRAINING

ALL-IN-ONE STRENGTH STATION

The XF 80 Half Rack Hybrid with Safety Arms is an all-in-one station designed for squats, bench presses and can be outfitted with attachments for pull-ups. The safety arms and j-cups are easily adjustable and securely fastened. Integrated storage keeps discs conveniently organized and accessible. The sturdy steel tubing is finished with a sleek matte black textured powder coat that wears well in tough training environments. The rack must be bolted to the floor for user safety, and four holes are integrated into the base for anchoring the unit to the ground in a way that minimizes trip hazards.
