

Loadable Dumbbell Set Vulcano - 40 kg

DESIGNED FOR

Whole body free weight strength and functional training

BUILT TO BAR SPECS

Built on the specs of our XF bars, the 28 mm shaft, tensile strength and knurling deliver the familiar Eleiko feeling

SLEEVE CONSTRUCTION

50mm sleeve features both bushings and bearings for smooth controlled rotation

STANDARD WEIGHTS

Compatible with any disc designed for a standard barbell, smaller 5 kg and under change plates recommended

MAX LOAD

Up to 40 kg per dumbbell depending on width of the collars used.

FLEXIBLE TRAINING SET

BARBELL DESIGN AND MANUFACTURING IN A COMPACT LOADABLE DUMBBELL

In our Eleiko Loadable Dumbbell Set Vulcano, we conveniently package everything needed to train with a loadable dumbbell solution. This kit includes two loadable dumbbells, four collars, and a range of Vulcano change plates to give you flexibility in finding the right load for your varied training needs. It is a versatile, space-saving training tool; weight can be easily adapted to suit training needs and can be adjusted in smaller increments so lifters can progress more naturally.

SET CONSISTS OF: 2 x Eleiko Loadable Dumbbell 5 kg / 11 lbs / 12 x Eleiko Vulcano Plate - 5 kg, black / 4 x Eleiko Vulcano Plate - 2.5 kg, black / 4 x Eleiko Vulcano Plate - 1.25 kg, black / 2 x Lock Jaw Pro 2 Collar - pair
