Creating custom storage solutions

**MIX AND MATCH**

Combine legs and shelves to create custom solutions for your storage needs

**MADE IN SWEDEN**

Durable design and quality construction ensure product longevity

**ADDED STABILITY**

Compact stable design with bolt holes for added stability

# STORAGE YOUR WAY

## MIX AND MATCH OPTIONS TO SUIT YOUR STORAGE NEEDS

A unique storage system allowing you to combine different heights of legs and types of shelves to build custom storage solutions to meet your unique needs. Legs are available in two heights to create two or three tier storage units. Heights can be mixed within a single unit, and shelving options include variations for Dumbbells and Kettlebells. Dumbbell shelves are appropriate for Evo, Vulcano and Vulcano Disc Dumbbells.
