

**DESIGNED FOR**

Knee support while lifting

**CERTIFIED**

Piece is certified by the IPF for competitive use

**DURABLE CONSTRUCTION**

7 mm thick neoprene provide firm yet flexible support

**COMFORTABLE SUPPORT**

Firm yet flexible support, great for a wide variety of movements

## OPTIMAL SUPPORT

### ENSURE STABILITY WHEN YOU TAKE YOUR TRAINING TO THE NEXT LEVEL

Functional, stylish knee sleeves designed to meet athletes' high-performance needs. Constructed from 7mm neoprene that is supportive yet soft, the strong durable nylon fabric helps stabilize the knee joint under load. The sleeve both protects the knee against stress while keeping the joint warm. The design delivers a flexible comfortable fit appropriate for a variety of exercises.
