

DESIGNED FOR

Medicine and balance ball storage

ADJUSTABLE CONFIGURATION

Ball holders and placement on the rack can be configured

ADDITIONAL ACCESSORIES

Attachments available to customise solution

BALANCING ACT

PRACTICAL BALANCE BALL STORAGE

This stable storage solution holds balance balls of varying sizes. The ball placement direction can be adjusted to meet individual needs and preferences. Extra holders for both balance and medicine balls are available to customise the rack to suit specific needs. The rack can accommodate up to 7 big balance balls, or 13 large medicine balls or a combination of the two.
