BALANCE HEAVY LOADS

Provides 150 mm of weight storage capacity, up to three 25 kg plates

ADDED STABILITY

Ensures the GHD is stable and user is safe during weighted reps

CHROME FINISH

Ensures the pin will continue looking its best with heavy use

GHD ACCESSORY

Sold separately as an accessory to the GHD

GO HEAVIER

ENSURE STABILITY WHEN YOU TAKE YOUR TRAINING TO THE NEXT LEVEL

Know you'll be adding some heavy reps to your glute/ham training, the Eleiko Classic Weight Pin in a must. The chrome plated weight pin attaches to the end of the GHD and provides 150 mm of weight storage capacity allowing you to counterbalance the GHD to ensure it is stable and the user is safe when adding weight to movements.
