

DESIGNED FOR

Creating XF Rigs and functional fitness training rig solutions

QUALITY CONSTRUCTION

Strong sturdy steel tubing and durable powder coat finish

CUSTOMISED CREATIONS

Use the rig pieces, components and attachments to create rig solutions to meet all your facility needs

WALL BALL TARGET

FOR ACCURACY AND STRENGTH TRAINING

The Eleiko XF 80 Wall Ball Target is a sturdy wall ball plate with two targets that meet competition height of both men and women. It can be easily mounted at any height along the rig upright and is constructed from high-quality durable steel tubing to easily handle all the wall ball shots that come its way.
