

DESIGNED FOR

Creating XF Rigs and functional fitness training rig solutions

QUALITY CONSTRUCTION

Strong sturdy steel tubing and durable powder coat finish

CUSTOMISED CREATIONS

Use the rig pieces, components and attachments to create rig solutions to meet all your facility needs

UPPER BODY STRENGTH

RIG ATTACHMENT FOR CHIN-UPS AND PULL-UPS

The Eleiko XF 80 Pull Up Bar attaches to the rig XF 80 Crossbars and features options for various straight grip positions so you can choose the grip that is most comfortable or incorporate variety into training. Robust construction is durable while also offering a comfortable grip that is gentle on the hands but firm enough for maximum performance.
