

**DESIGNED FOR**

Container rig design for outdoor training

**DESIGN FLEXIBILITY**

Choose from different lengths and number of station for ultimate layout control

**PRODUCT COMPATIBILITY**

Attachment system works with any ISO standard container

**OUTDOOR TRAINING**

Galvanized finish ensure long lasting performance in outdoor environments

**NO MODIFICATIONS NEEDED**

Leave container intact using existing infrastructure to maximize stations and interior use options

# FLEXIBLE OUTDOOR TRAINING

**MAXIMIZE CONTAINER SPACE. INCREASED TRAINING POSSIBILITIES.**

Eleiko's rig container attachment system design maximizes the number of training stations while also delivering increased training variety for greater freedom in outdoor training and rig design. The unique attachment solution can be applied to any ISO standard container without preparation or modification, includes solutions for handling uneven surfaces and uniquely supports the inclusion of monkey bars. When galvanized, all Eleiko XF 80 Rig parts, fitness attachments and rig container attachments won't rust and will deliver long-lasting performance outdoors.
