

ONTWORPEN VOOR

Om flexibiliteit, stabiliteit en kernkracht te ontwikkelen met uitdagende cardio workouts

DUURZAME CONSTRUCTIE

Specifically designed to withstand the demands of repeated, heavy use in commercial environments

USER SAFETY

The base is thicker and made with a non-skid, non-marking material for safety and stability

PREPARATION, TRAINING & RECOVERY

PURE2IMPROVE PRODUCTS WILL HELP YOU BRING YOUR SKILLS TO THE NEXT LEVEL.

ThePure2Improve Balance Ball is an ideal piece of equipment for improving core abdominal strength. The unstable surface of the ball provides a more dynamic and challenging workout for users. This piece of rehabilitation and exercise equipment could be described as a cross between a wobble board and a gym ball. Suitable for use in a variety of rehabilitation and exercise settings such as physiotherapy practices and departments, rehabilitation centres and clinics, sports teams, gyms and fitness studios, and for personal use.
